

## Specifications

| Model                         | LIN-115                                   | LI-210                                    | LI-215                                |
|-------------------------------|---|---|---------------------------------------|
| Frequency                     | 150 kHz - 30 MHz                          | 9 kHz - 30 MHz                            | 9 kHz - 30 MHz                        |
| Lines + Ground                | 2   | 2   | 2                                     |
| Max Current (Amp)             | 15  | 10  | 15                                    |
| Voltage (line to ground)      | 270 VAC                                   | 270 VAC                                   | 270 VAC                               |
| Inductor ( $\mu$ H)           | 50  | 50 & 250                                  | 50 & 250                              |
| Output impedance ( $\Omega$ ) | 50  | 50  | 50                                    |
| Output Connector              | N type                                    | N type                                    | N type                                |
| Power source frequency        | DC-60 Hz                                  | DC- 60 Hz                                 | DC - 60 Hz                            |
| Transient limiter             | Built in                                  | Optional                                  | Optional                              |
| Power in                      | IEC Power inlet                           | IEC Power inlet                           | IEC Power inlet                       |
| Power out                     | Euro type                                 | NEMA                                      | NEMA                                  |
| Weight                        | 17 lbs. / 8 kg                            | 10 lbs /4.5 kg                            | 21 lbs./ 9.5 kgs                      |
| Size                          | 14 x 7 x 13 inches<br>35.5 x 17.7 x 33 cm | 16 x 10 x 5 inches<br>40.6 x 25.4 x 12 cm | 17 x 16 x 7 inches<br>43 x 40 x 18 cm |

## Impedance characteristics

LI-210 or LI-215

LIN-115
