

1-5 SYSTEM OPTIONS AND ACCESSORIES

The standard Model TP0412A ThermoStream^R System is designed to readily accept a variety of options and accessories, allowing the user to configure the system for a specific requirement. Separate appendices have been devoted to each.

Though these features may be added at any time to the system after manufacture, some options or accessories may require returning the system to the factory for modification.

Microprocessor Controller Options:

Item Description	TEMPTRONIC PART NUMBER	Refer To Appendix
Single Temperature Set Module.....	SA 35900.....	B-7
Five Temperature Set Module.....	SA 32160.....	B-7
IEEE Interface	SA 32661.....	B-8
BCD Interface.....	SA 34560.....	B-9

System Accessories:

Floor Stand.....	ZHS 42750.....	B-1
Floor Stand Foot Switch Assembly.....	ZAK 39780.....	B-1
Air Dryer.....	ZAD 40520.....	B-2
* Air Filter Assembly.....	ZAD 40510.....	B-2
* Single Wall ThermoCap.....	ZAK 42550.....	B-3
* Double Wall ThermoCap.....	ZAK 42540.....	B-3
* Double Wall ThermoCap.....	ZAK 42480.....	B-3
Shroud Kits.....	See Appendix.....	B-4
Remote Control Assembly.....	SA 36100.....	B-5
Buck Boost Transformer.....	See Appendix.....	B-6
DUT Control.....	ZRM 42180.....	B-10
10 ft. Interconnecting Power Cable.....	SA 39904	
25 ft. Interconnecting Power Cable.....	SA 39906	
10 ft. Interconnecting Thermocouple Cable...SA	38962	
25 ft. Interconnecting Thermocouple Cable...SA	38963	
10 ft. I/O Interconnecting Cable.....	SA 36212	
25 ft. I/O Interconnecting Cable.....	SA 36213	

* Appropriate Non Conductive Shroud Kits supplied with ThermoCaps. Conductive Shroud Kits are available at additional charge.
